

# Be ready to study sciences at École Polytechnique, France!

2 excellence prizes for Romanian high school students:

Prize Henri Poincaré for students talented in Mathematics

Prize Leprince-Ringuet for students talented in Physics

A unique opportunity to:

- Discover École Polytechnique, the most prestigious Grande Ecole in France, flagship of a world-renowned campus for scientific research and education;
- Spend a week in Paris, hosted on our campus, and benefit from our exceptional environment;
- Visit famous French companies and research centres;
- Exchange with our students and professors and learn about French higher education and research.

Prize Henri Poincaré: open to Kangaroo and National Mathematics Olympiad participants

Prize Leprince-Ringuet: open to National Physics Olympiad participants

The selection is based on an interview (in English or in French) during the contests.
